Lieutenant General A. J. Goodpaster, Jr., USA
Director, Joint Staff
Joint Chiefs of Staff
Washington, D. C. 20301

Dear Andy:

The Central Intelligence Agency regularly conducts a Midcareer Executive Development Course for selected officers with the potential to advance to positions of senior responsibility. We would like very much to include in future courses a presentation covering the military capabilities of the United States to counter the Sino-Soviet threat.

STAT
The Training Officer in charge of the Midcareer Course, Mr. [redacted] has discussed this matter with Colonel Edward Ramsey, USA, of the Short Range Branch, Strategic Plans and Policy Division, J-5, Joint Chiefs of Staff. It is Colonel Ramsey's opinion that the desired presentation can be provided once a formal requirement has been received.

STAT
In view of the above, I request that you authorize the presentation of a briefing on U. S. Military Capabilities to our Midcareerists. [redacted] is prepared to discuss details of time and place with Colonel Ramsey or whomever you may designate.

Sincerely,

15/
L. K. White
Executive Director
